Our story

Our max classroom ratio is 18 students to 1 teacher and therefore we are able to provide more one on one attention for the student. Throughout the school year our students will participate in off-site field trips to help enrich them in nature, the fine arts, and history.

We are committed to providing instruction that meets and exceeds the Common Core State Standards in creative and developmentally appropriate ways. We recognize each child for their unique God-given talents, abilities, and strive to develop a supportive home to school connection.

Our Success Stories

Our 8:30a.m. to 2:00p.m. day along with our class ratio provides a solid foundation for learning.
